

## Photoshop CS5 - Level 1

Days of Training: 2

### Overview

In this course, students will learn to use layers and to apply layer effects and filters for creating special effects. Additionally, students will use painting tools and blending modes to enhance the appearance of your design.

### Prerequisites

Before taking this course, students should be familiar with the basic functions of their computer's operating system such as creating folders, launching programs, and working with windows. Students should also have basic Windows application skills, such as copying and pasting objects, formatting text, saving files, etc.

### Next Steps

Flash CS5 - Level 1  
Fireworks CS4 - Level 1

3574LGEE-ILT
