

**Cisco Certified Network Associate (CCNA®) Accelerated
Cisco Certified Network Professional (CCNP®) Accelerated
Cisco Certified Network Associate Security (CCNA® Security)**

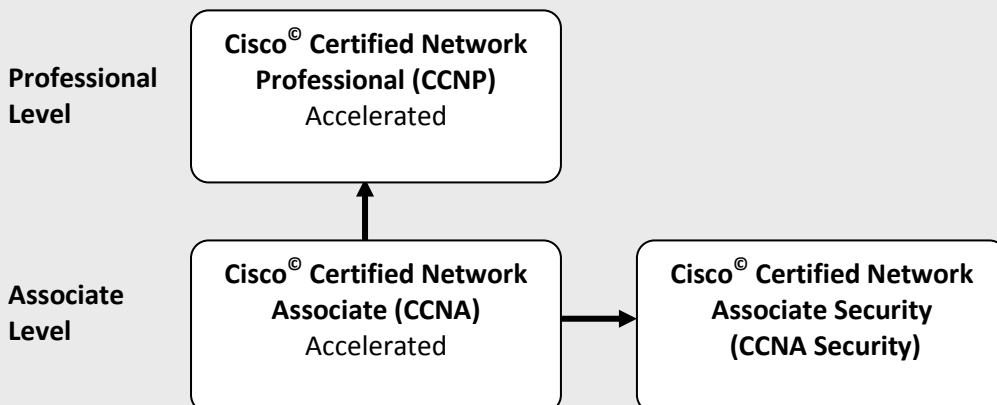

Cisco Certified Network Associate (CCNA®) validates the ability to install, configure, operate, and troubleshoot medium-size route and switched networks, including implementation and verification of connections to remote sites in a WAN. CCNA curriculum includes basic mitigation of security threats, introduction to wireless networking concepts and terminology, and performance-based skills. This new curriculum also includes (but is not limited to) the use of these protocols: IP, Enhanced Interior Gateway Routing Protocol (EIGRP), Serial Line Interface Protocol Frame Relay, Routing Information Protocol Version 2 (RIPv2), VLANs, Ethernet, access control lists (ACLs).

Cisco Certified Network Professional (CCNP®) validates the ability to plan, implement, verify and troubleshoot local and wide-area enterprise networks and work collaboratively with specialists on advanced security, voice, wireless and video solutions. The CCNP certification is appropriate for those with at least one year of networking experience who are ready to advance their skills and work independently on complex network solutions. Those who achieve CCNP have demonstrated the skills required in enterprise roles such as network technician, support engineer, systems engineer or network engineer.

With a CCNA Security certification, a network professional demonstrates the skills required to develop a security infrastructure, recognize threats and vulnerabilities to networks, and mitigate security threats. The CCNA Security curriculum emphasizes core security technologies, the installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices, and competency in the technologies that Cisco uses in its security structure.

PROGRAM RECOGNITION

EDUCATION LOAN PROVIDER

PREMIER TRAINING PROVIDER

Cisco Certified Network Professional (CCNP®) Accelerated

CCNA + CCNP
\$6,450

Price before GST
15 days, 2 Certifications
2 Accelerated courses, 4 exams

Upgrade from CCNA to CCNP
\$5,400

Price before GST
10 days, 1 Certification
1 Accelerated course, 3 exams

CCNP Accelerated - Implementing Cisco IP Routing (ROUTE) + - Implementing Cisco IP Switched Networks (SWITCH) + - Troubleshooting and Maintaining Cisco IP Networks (TSHOOT)	10 days	Usual: \$4,800
---	---------	-------------------

Pearson Vue Exam 642-902 ROUTE	\$303
-----------------------------------	-------

Pearson Vue Exam 642-813 SWITCH	\$303
------------------------------------	-------

Pearson Vue Exam 642-832 TSHOOT	\$303
------------------------------------	-------

Cisco Certified Network Associate Security (CCNA® Security)

CCNA + CCNA Security
\$5,500

Price before GST
10 days, 2 Certifications
2 courses, 2 exams

Upgrade from CCNA to CCNA Security
\$3,450

Price before GST
5 days, 1 Certification
1 course, 1 exam

Implementing Cisco IOS Network Security (IINS)	5 days	Usual: \$3,300
--	--------	-------------------

Pearson Vue Exam 640-553 IINS	\$379
----------------------------------	-------

Cisco Certified Network Associate (CCNA®) Accelerated

\$3,250

Price bf GST
5 days, 1 Certification
1 accelerated program
1 Pearson Vue exam

CCNA Accelerated - Interconnecting Cisco Networking Devices Part 1 (ICND1) - Interconnecting Cisco Networking Devices Part 2 (ICND2)	5 days	Usual: \$3,000
