

Java Standard Edition 6 (Java SE 6)

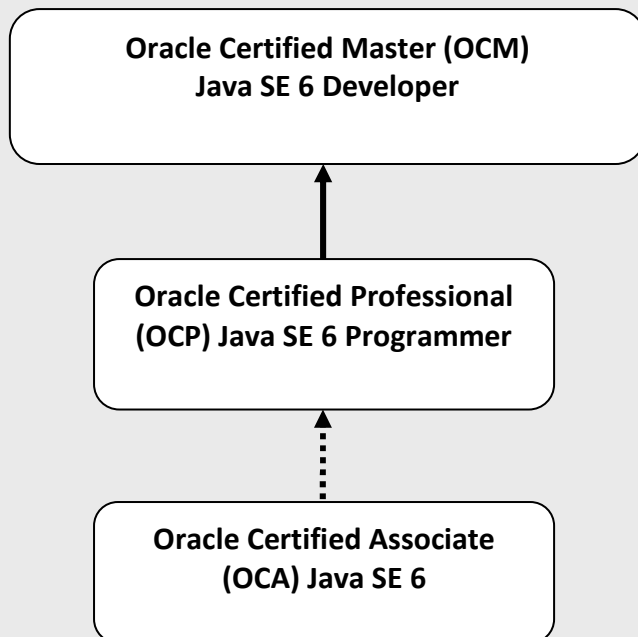

Oracle Certified Master, Java SE 6 Developer
Oracle Certified Professional, Java SE 6 Programmer
Oracle Certified Associate, Java SE 6

This **Oracle Certified Associate (OCA) Java SE 6** certification provides an ideal entry into an application development or a software project management career using Java technologies. It validates basic knowledge of Object Oriented Programming concepts, the Java programming language and general knowledge of Java platforms and technologies.

The **Oracle Certified Professional (OCP) Java SE 6 Programmer** is a foundation curriculum for programmers interested in demonstrating proficiency in the fundamentals of the Java programming language. Students can receive a solid basis in the Java programming language upon which to base continued work and training.

The **Oracle Certified Master (OCM) Java SE 6 Developer** is a performance-based certification for developers interested in demonstrating advanced proficiency in the Java programming language using the Java SE. To achieve this certification, candidates must successfully complete two elements: a programming assignment and an essay exam, and must have completed Oracle Certified Professional (OCP) Java SE 6 Programmer.
