Subject: RE: Regarding Course Completion Certificate

Dear Debbie Kwa:

Good Morning. Want to share something with you.

You will be delighted to know that, after completing course 2554 and 2732 from here, we have already launched our AKTEL Enterprise Portal by using Sharepoint Portal Server 2003 for our organisation of around 1600 client. It is on its production now. Moreover, we are working on to implement the Project Server.

Many many credits go to our fellow instructors Mr. Rex and Mr. Rajesh for their thoughts and instructions during the course time. I am sending you the screen shot of the homepage. Say hi to Rajesh and Rex.

Bye
Have a nice day.
